

Designed to grip RG59, RG6, RG7, and RG11 cables, this COAX cable gripping tool facilitates the stripping, slitting, splicing, and other functions of fiber optic cables. This cable gripping tool features the following:

- Perfect for gripping RG59, RG6, RG7, RG11, and many other cables
- Soft rubber material conforms to the shape of the cable to grip it tightly
- Compact shape and belt loop hole make it convenient for storage and transport
